Objective Statement

Looking for an opportunity to apply the skills and knowledge I've acquired as a United States Marine Intelligence Analyst and as a student at General Assembly, as an entry level software engineer.

Professional Summary

A decorated transitioning service member and recent college graduate, with five years comprehensive ground combat intelligence analyst and office administrator experience, currently enrolled in a Software Engineering Immersive course at General Assembly. Equally capable of working alone or as a member of a team, and comfortable exercising initiative and problem solving. Proven ability to adapt to new surroundings while remaining observant and level headed under pressure. Areas of expertise include:

- Critical Thinking
- Records Management
- Punctual and Well Organized

- Adept Written and Verbal Communication Skills
- Acute Attention to Detail
- HTML, CSS, JavaScript

Employment History

Intelligence Specialist U.S. Marine Corps, 2013- 2018

- Synthesized, and disseminated over 80 critical intelligence products as the Production and Analysis lead; Aiding superiors in the planning, resourcing and execution of mounted and dismounted operations while forward deployed.
- Executed over 3,000 watch hours for the Command Operations Center and Intelligence Operations Center while serving as an Intelligence Liaison deployed in support of Special Purpose Marine Air Ground Task Force 16.2.
- Performed routine clerical and administrative functions including scheduling appointments, organizing and maintaining paper and electronic files, and assisting and directing clients as the Office Administrator while serving with 1st Marine Division Headquarters Battalion.
- Prepared in-depth training schedules for subordinate Marines as the Training Chief while serving 1st Marine Division Headquarters Battalion, to ensure Marines met both annual and fiscal year training requirements.

Service Expert, 24 Hour Fitness, 2019- 2020 / Team Member, UFC Fit, 2021 - 2022

- Professionally communicated with current and prospective members in a concise manner on a daily basis, while maintaining strong personal relationships with regular members, and providing a clean and friendly reception desk.

Education

San Diego Mesa Community College, San Diego, CA, 2018- 2021

- Awarded with an Associates Degree in Science for Transfer, majoring in Computer Science with an emphasis in Java programming, cumulative GPA of 3.24.

General Assembly, Software Engineering Immersive, New York, NY, 2022- Current

- Currently enrolled in a rigorous 12-week, full stack software engineering course that develops skills needed to build dynamic web applications and gain proficiency in theory and application of web development. Set to graduate April 5th.
